

Implementation of AI on Robotics and Energy Management

11th November 2024 to 15th November 2024

“In association with HRDC, IEM UEM Group”

Organized by Department of Electrical & Electronics Engineering,
Institute of Engineering & Management, Kolkata

The objectives of this FDP are

The FDP aims to foster collaboration between academia and industry in the areas of artificial intelligence, robotics, and energy management. Through this program, participants will gain valuable insights into the latest industry trends, practical applications, and innovative techniques in these crucial domains.

Organizing Committee Member:

1. Prof. Dr. Arpita Mandal (Associate Professor, EEE dept, IEM, Kolkata)
2. Prof. Neeta Sahay (Assistant Professor, EEE dept, IEM, Kolkata)

Participants:

Five (5) eminent speakers from various renowned institutes across the Globe and around **150** participants from different institutes in India.

Day wise Schedule:

Day 1: 1st Half

Date: 11th November 2024

Session 1: Time: 10:00AM – 12:00 PM

Speaker: Dr. Manas Kumar Bera

Associate Professor, NIT Rourkela

Title of the talk: Deep Neural Network based control of robotic - manipulator : A guide

Day 2: 2nd Half

Date: 12th November 2024

Session 3: Time: 4:00 PM– 5:00 PM

Speaker: Dr. Santanu Paul

NIT Durgapur

Title of the Talk: Application of Modern AI Techniques for Large-Scale Wind Power Plant Planning

Day 3: 1st Half

Date: 13th November 2024

Session 5: Time: 10:00AM – 12:00 PM

Speaker: Mr. Sabyasachi Biswas

CEO, VIKI.AI

Title of the Talk: Applications of GenAI in the field of business

Day 4: 1st Half

Date: 14th November 2024

Session 7: Time: 10:00 AM– 12:00 PM

Speaker: Dr. Subhadeep Bhattacharjee

Associate Professor, NIT Agartala

Title of the Talk: Energy Management – An overview

Day 4: 2nd Half

Date: 17th May 2024

Session 9: Time: 2:00 PM– 4:00 PM

Speaker: Dr. Soumya Chatterjee

Assistant Professor, NIT Durgapur

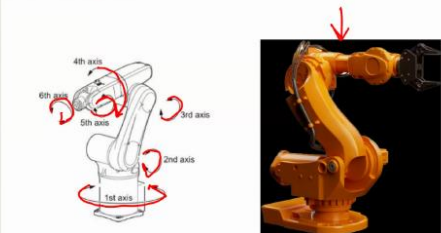

Title of the talk: Implementation of machine learning in power system asset management

Sabyasachi Biswas (Presenting)

The journey from... Alan Turing to Open AI

The founding fathers

- Imitation game - 1949
- Dartmouth summer project - 1956

Beating humans in their games

- Deep Blue - 1997
- Deep Qd wins Jeopardy - 2011

AI for good

- Autonomous vehicle - 2007
- Cancer research - 2012
- Vaccine development - 2019

Giant leap to the next frontier

- Attention is all you need - 2017
- Introducing ChatGPT - Nov 30 - 2022

Participants: Sabyasachi Biswas, Neeta Sahay, Milan Panja, Nirban Kumar..., Rajat S Pal, ARINDAM BAN..., Sarbani Sen, 26 others, ARPITA MAND...

In-call messages

Let everyone send messages

Unless they're pinned, messages can only be seen by people in the call when the message is sent. All messages are deleted when the call ends.

Partha Sarathi Padhy 10:17
Hi, I'm transcribing this call with my Tactiq AI Extension: <https://tactiq.io/r/transcribing>

manas mukherjee 10:45
how reliable and trustworthy is AI for taking a critical decision in fields, such as medical emergency, power system operation, and control?
